“Grandma’s Easy Ambrosia”

This easy ambrosia salad recipe is creamy, fluffy, and a colorful side dish!

Ingredients

- 1 cup sour cream or plain or vanilla yogurt
- 1 cup mini marshmallows fruit flavored or white
- 1 cup sweetened flaked coconut
- 1 cup canned pineapple tidbits, well drained
- 1 cup canned mandarin orange segments, well drained

Instructions

- In a large bowl, add sour cream, marshmallows, coconut, and pineapple tidbits. Stir until combined.
- Gently fold in mandarin oranges.
- Refrigerate for at least 4 hours or overnight. Serve chilled.

Notes

- ❖ Make ahead to allow the flavors to blend and to soften the marshmallows.
- ❖ Be sure to drain all fruit well to prevent the dish from being watery.
- ❖ Mandarin oranges are fragile and break easily, so gently fold them in last.
- ❖ Greek, plain, or vanilla yogurt can serve as the base. Sour cream is preferred, which is sweetened by the coconut and marshmallows.

Variations

While this recipe is delicious exactly as written, you can change it up to your liking.

- ❖ Chopped maraschino cherries.
- ❖ Chopped nuts like walnuts or pecans for crunch.
- ❖ Fresh bananas, grapes, or strawberries.
- ❖ You can mix things up by using fruit cocktail or canned peaches.

Resident Spotlight

Benjamin "Dick" Blattenberger

Benjamin "Dick" Blattenberger was raised in the Methodist Home for Children in Mechanicsburg, Pa. "It was a wonderful place; I had such a wonderful House Mother," he said fondly as he recalled "Birdie," who raised 16 boys in his building at that same time. He graduated from Mechanicsburg High School and attended two years of college at Lycoming before transferring to Kutztown State Teacher's College for two years. Before earning his degree, he enlisted in the U.S. Air Force. He was assigned to Sandia Base in Albuquerque, New Mexico. He went for his pilot license and passed the test he said, but they had a different assignment for him. Instead, Dick worked on Top Secret projects, including helping to build an atomic bomb they called "Fatman." "It was a big fat bomb!" he said, laughing. He then worked as a Technical Illustrator and Draftsman for the Hydrogen Bomb and other top-secret weapons.

While on leave from the Air Force Base, Dick met June Arduth Grim at his home church and the pair fell in love. Dick went on to finish his time in the service and for his efforts, the Air Force awarded him two medals: The National Defense Service Medal and the Good Conduct Medal. He then completed his college education at Kutztown and earned his Bachelor of Science degree in Art Education. Dick and June moved to Brookdale, Pa. and had three "wonderful" children, he said. He became a Commercial Artist and Art Director for Lieberman-Appalucci Advertising in Allentown, where he spent 35 years designing art for area newspapers and magazines.

Dick's favorite hobby of all was music. He taught himself how to play the Dobro resonator steel guitar, and joined a Bluegrass Country Music Gospel band called, "The King's Countryman." A group of five men, they produced seven LP albums and performed throughout southeast PA. and New Jersey. "We were darn good," Dick recalled with a grin. "Well, we had to be! I was darn proud to be in that band." He also taught others to play the Dobro guitar and repaired other instruments as well.

In 2010, Dick received a "Lifetime Achievement Award," which was presented to him at the Greater Lehigh Valley Bluegrass Festival. Today, Dick lives on D3 at Cedarbrook and enjoys watching live music and relishing in a sweet treat whenever he can. He attributes his wonderful life to having a positive outlook and making the best out of anything. "You just have to go with the flow," he said.

We wish Dick all the best and thank him for taking the time to be interviewed.
Thank you for your very personal and interesting story and telling us how you have lived your best life!

Garden of Flowers

April is gone & hopefully so are all the showers
But as you look around we see all the pretty flowers
The gardens are full of hyacinths & tulips galore
But the squirrels feast on the bulbs until you have no more
I miss my little garden on the C wing patio
Last year it was there one day, then gone the next, to where I don't know
At Residents' Council meeting, talk on construction was once again heard
We hope we will soon see progress moving forward
The geese police are on the job
And you can see how much they cut down the mob
So if we are lucky we will be able to go outside
Sit back, relax, & watch to see the Ewing come alive

CHAPLAIN'S CORNER

Psalm 1:

Blessed is the man who walks not in the counsel of the wicked, nor stands in the way of sinners, nor sits in the seat of scoffers; but his delight is in the law of the LORD, and on his law he meditates day and night. He is like a tree planted by streams of water, that yields its fruit in its season, and its leaf does not wither. In all that he does, he prospers. The wicked are not so, but are like chaff which the wind drives away. Therefore, the wicked will not stand in the judgement, nor sinners in the congregation of the righteous; for the LORD knows the way of the righteous, but the way of the wicked will perish.

There is a photograph taken in the mid 1950s of Walt Disney standing in a field beside a huge, old cottonwood tree growing next to a stream. This tree was on the farm in the town of Marceline in north central Missouri where Walt's family lived in the early 1900s. Walt recalls how he spent hours as a young boy under this tree, making up stories and observing the wildlife around him. He learned to draw animals there, and to observe how water flows and trees move in the wind. He called this giant cottonwood his "dreaming tree."

Walt Disney said that he never outgrew his need for the dreaming tree; it was his place where inspiration first grew for him. Walt was known to visit this tree often in his later years. The roots of his creativity grew deep there, like the deep roots of his "dreaming tree."

Like Walt Disney's cottonwood tree on the family farm, fed by a stream, we can find life and sustenance in God's Word. We are sustained in the dry spells of our lives by the deep roots God grows in us through our meditation on his Word. These roots reach deep. The roots of a tree are often three times the size of the area of the branch spread. We usually cannot see how deep and wide the roots go to seek nourishment. By being open to God's Word, we grow the roots we need to be grounded in God, a grounding and a peace in God which is not always evident to the world.

Those who love God are like trees whose branches sway and creak in a strong wind; the tree may bend in the wind, but it is our roots that matter. God holds onto us, just as a tree is held up by its deep roots. To the world we look battered, but the world does not understand that like a tree whose roots are deep in the soil, we are held in the grip of God's grace.

Now think about the roots of your own faith, who planted it in you? My grandmother taught me to pray, my mother quoted scripture, my father told us kids "you don't *have* to go to church; you *get* to go to church." You yourselves, as parents, grandparents, aunts and uncles, or as Sunday school teachers, planted and watered seeds of faith in children. Or you were active in your church or lived as a believer, rooted in Christ, at your work. You also planted seeds of faith. God made them grow.

Walt Disney always remembered that his creative talents were nurtured in his childhood days beneath his "dreaming tree" on the family farm. Those were his roots as an artist, and he always remembered it. In the same way, we too must remember the roots of our faith. God plants us by the stream of His love and His Word. God provides other believers to help our faith grow. And our growth never ends, as the psalmist says, we will yield our fruit in season and our leaves will not wither.
