# Chaplain's Corner

*This memo outlines the foundational understanding of a Chaplain's call as divine, rather than a merely professional assignment. It emphasizes that Chaplaincy is a specialized ministry rooted in obedience to God and service to those in secular or specialized environments (military, healthcare, corporate, etc.). The call to becoming a Chaplain originates with God and requires unreserved dedication to that purpose. It is a movement toward obedience to fulfill God's mission in the world.*

*A Chaplain's identity is centered on the command to "FOLLOW ME" (JESUS)*

*Requiring high standards of morality, constant prayer, spiritual health, and a clear, intentional purpose of ministry. The call is often confirmed through prayer, the affirmation of other church leaders or mentors, and a persistent, undeniable inward prompting of this calling in a person's life.*

*A called Chaplain, has key characteristics like JESUS. A Chaplain's mission includes bringing the presence of God into, and often behind, "walls"- whether that is a hospital room, a prison, or a battlefield. A Chaplain must possess a deep, compassionate heart for those in pain, serving as a "living sacrifice" in their daily duties. A Chaplain must recognize their own limitations and boundaries while maintaining a ministry that is often both sacred and secular. The Minister "CHAPLAIN" must offer a welcoming, faith-filled presence to individuals, families and communities, especially during times of crisis. Serving in Secular spaces (corporations, Police departments, hospitals, nursing homes, or where ever needed). When God calls, a practical response of obedience is necessary to see the fruits of that call. God provides the grace and strength required for the difficulties of the calling. Daily and constant prayer is essential for the Chaplain to fulfill their mission, providing the strength needed to minister in challenging environments.*

*A Chaplain's call is a sacred trust. It is commitment to be a light in dark places, offering the peace of soul that only God can give. The heart of the Chaplain's calling is fundamentally the same as the calling of every Christian, to live as one who has been sent on a mission. To love one another, to help one another, and to be there for the need of another person.*

*When we read John 3:16 it says: "For God so loved the world that He gave His one and only Son, that who ever believes in Him, shall not perish but have eternal life", but in verse 17 it continues to say: "For God did not send His Son into the world, to condemn the world, but to save the world through him".*

*This scripture displays the huge love that God has for the world, that he wants to save the world, all of it, with the exception of no one. This love that God talks about in the book of John, it's the love that a Chaplain has for every single soul, every single person. A Chaplain or Pastor feels an internal, and often relentless, or desire to serve God, accompanied by a profound sense of responsibility to care for others, even amid challenges. This calling is marked by a deep conviction that persists through many trials, often described as an "all-absorbing passion" to preach, teach, or offer spiritual care. The Chaplain's ultimate desire is for every person he comes in contact with, learns and gets closer to God, where it ultimately builds a relationship between God and the person.*

*If someone would ask a Chaplain, if they could describe it in words, He/She would describe it as a burning internal conviction, that many Chaplains call it, an inescapable, "fire-in -the -bones" feeling, where they cannot imagine doing anything else. It is also a deep, sometimes emotional yearning to be the "hands and feet of Jesus," offering hope and healing to the broken. The calling often involves a period of fighting or running from the responsibilities, followed by a peaceful surrender to God's will. An unyielding drive that provides the stamina to endure difficult seasons, with a focus on God rather than personal success. At times, a Chaplain may experience doubt, but they generally feel a secure, inner peace and purpose regarding their life's work as a divine calling. Chaplains generally feel a profound, overwhelming sense of gratitude to God for the privilege of this amazing ministry, often viewing their calling as a sacred gift, rather than a job. They express deep thankfulness for being chosen to walk along side others, seeing each encounter as a divine opportunity to share God's love, grace, and compassion.*

*Many Chaplains describe their role as a humbling, "extra special" blessing, feeling honored that God would select them to serve others, particularly during difficult times. They often reflect on the concept that God chose us, which fuels their commitment to serving people and sharing God's Love. Chaplains frequently express thanks for the opportunity to witness God's work in people's lives, acknowledging that their vocation allows them to see unique, profound revelations of God in their daily work. The act of serving others is seen as a way to Thank God, with many viewing their role as a way to "give away" the gift of faith they have received. Despite the emotional weight of their work, chaplains find that an "attitude of gratitude" helps them to stay strong, providing a "balm" for their own spirits and strengthening their ability to care for others.*

*Through our service, we feel blessed and thankful to be vessels of God's mercy and grace, and I will finish with this word, every single Chaplain feels Honored to be chosen by God, for the mission of loving humanity, and being there when a human being needs the Love and care of God.*

## National Nutrition Month 2026

### Spring into Nutrition!

As we age, our bodies appreciate a little extra support from the foods we eat. Bright berries, color vegetables (especially beets!), yogurt, fish, herbs, and whole grains offer benefits like boosting energy, supporting digestion, and helping your heart and brain stay strong. These foods also add wonderful flavors, textures, and aromas that make meals more enjoyable.

Color = Nutrition. Aim for three colors per plate - more color usually means more nutrients and more visual appeal. Enjoy the superfood, BEETS, that are packed with antioxidants that fight infection and offer protection against diseases.

Probiotics are “good” bacteria that aide in digestion and help you keep a healthy gut. Enjoy foods such as yogurt, sauerkraut and cottage cheese with your meals or as a snack!

Healthy Fats, Happy Body!  
Fish and peanut butter are a few examples of healthy fats that can keep your heart healthy, reduce inflammation and overall keep the body happy.

Whole Grains! These foods are rich in fiber, vitamins and minerals. Improve your heart health, blood sugars, and digestion. Oatmeal, whole wheat bread, and barley are great options in the facility.

# EMPLOYEE PET OF THE MONTH

**Name of employee and department...**

Aimee Schmidt, Life Enrichment Department

**Type of animal/ breed...**

Domestic Shorthair Tuxedo Cat

**How old is your pet?**

He is still a baby at 4 months old.

**Pet's name, how did you come up with it?**

His name is Inky. His coloring resembles ink blots.

**Are there any nicknames for your pet?**

Inky Dinky, Stinky Inky, Little Baby, Little Stinker.

**How and when did you choose your pet?**

Inky was a sick little stray in our neighborhood. Neighbors asked if we could help take care of him. We fell in love with him and took him in.

**Does your pet have any special tricks?**

Eating. He is able to finish all his food, and then all of the food his "brother and sister" didn't eat quick enough.

**Funniest memory of your pet...**

He's still a baby so we are still learning his personality. But it's funny when he falls asleep while sitting or sleeps wrapped around my head like ear muffs.

**Does your pet have any bad/ naughty habits that drive you crazy?**

Inky loves my robe belt. He will climb up it while I'm doing the dishes. He's good at pretending he's hungry even though he just ate. His belly is so fat and round, he doesn't fool us!

**Does your pet have a favorite toy or treat?**

Everything is Inky's favorite toy! He will play with everything but he loves catnip and his fake mice.

**Fun facts about your pet or the breed...**

Inky never runs out of energy. He is a food thief. If he can steal a bite from his siblings, he's on it! He also purrs really loud and drools a bit when he's doing it!

- Tuxedo cats have unique genetics. The many patterns of coloring is caused by a "faulty" pigment gene where color producing cells don't spread fast enough to cover the whole body before the kitten is fully developed in the womb.
- Just like fingerprints, with their unique patterns, no two tuxedo cats have the exact same markings.

*(If you would like to see your pet in either CBA or FH's newsletter, please stop by the Life Enrichment Department to pick up a pet questionnaire or email MarnieDistasio@lehighcounty.org. Please be able to email pictures of your pet to the same email address.)*

# IRISH APPLE CAKE

This Irish apple cake has a delicate texture and is topped with a cinnamon-oat streusel and cinnamon glaze.

A must for St. Patrick's Day or easy enough for an anytime snack.

## Ingredients

### Streusel:

- 1/2 cup all-purpose flour
- 1/2 cup white sugar
- 1/4 cup old-fashioned rolled oats
- 1/4 teaspoon salt
- 1/4 teaspoon ground cinnamon
- 6 tablespoons unsalted butter, cubed

### Cinnamon Glaze:

- 1/2 cup confectioners' sugar
- 1 teaspoon ground cinnamon
- 2 teaspoons whole milk

### Cake:

- cooking spray
- 1/2 cup unsalted butter, room temp.
- 1/4 cup white sugar
- 1/4 cup packed light brown sugar
- 2 large eggs, room temperature
- 2 teaspoons vanilla extract
- 1 1/4 cups all-purpose flour
- 1 teaspoon baking powder
- 1 teaspoon ground cinnamon
- 1/4 teaspoon salt
- 3 tablespoons whole milk
- 2 large Granny Smith apples, peeled and cut into 1/4-inch thick slices

## Directions

1. For the streusel, combine flour, sugar, oats, salt, and cinnamon in a bowl. Using a fork or pastry cutter, cut butter into the mixture until it is fully incorporated and has the texture of coarse bread crumbs, about 2 minutes. Chill in the refrigerator until ready to use.
2. Preheat the oven to 350 degrees.
3. For the cake, grease a 9-inch round cake pan with cooking spray. Combine butter, sugar, and brown sugar in a medium bowl. Beat at medium speed, until lightened in color and fluffy, 3 to 4 minutes. Beat in eggs, 1 at a time, on low speed, just until blended. Beat in vanilla extract.
4. Combine flour, baking powder, cinnamon, and salt in a small bowl. Add flour mixture to butter-egg mixture and beat on low speed until fully incorporated, 1 to 2 minutes. Add milk and beat on low speed until combined, about 45 seconds.
5. Spread cake batter evenly in the prepared pan.
6. Arrange apple slices evenly on top of batter, overlapping as needed.
7. Sprinkle apples with streusel.
8. Bake in the preheated oven until a toothpick inserted into the center comes out clean and streusel is golden brown and crisp, 40 to 50 minutes. Let cake cool in pan on a wire rack 10 minutes. Remove from pan to wire rack and let cool completely, 30 to 45 minutes.
9. For the cinnamon glaze, whisk together confectioners' sugar, cinnamon, and milk in a small bowl until smooth.
10. Drizzle glaze over cake before serving.
